Impact on Society

Characteristics of a professional

- **Knowledge and skills**
- **Personality**
- **Vision**
- **Value system**

KNOWLEDGE AND SKILLS

- **Last text book you read?**
 - **Not prescribed in the syllabus**
- **Last time you solved difficult problems?**
- **Last research journal you read?**
- **Last time you did any unforced writing?**

***Let information and knowledge be
your major concern in your career***

Knowledge and Skills ...

- **Participate in professional activities**
 - **Become a student member of**
 - » **CSI, IEEE,**
 - **Participate in contests**
 - » **Tech. festivals, business plan contest**
 - » **Project competitions, demos, quizzes**
 - **Write reports, proposals, discussion notes, etc., on your own?**
- **Ekalavya Project, Red hat contest. ...**

Personality

ARE YOU?

- **Prompt and disciplined**
- **Curious about everything**
- **Disbeliever in knowledge compartmentalization?**
- **Willing to work hard, not give up**
- **Willing to make mistakes and learn**
- **Polite but forthright?**

VISION

In Ten Years From Now

- **What would you be?**
- **What would happen to your institution, town and state ?**
- **How would national wealth generation be enhanced?**
- **What will happen to human society?**

***What do you propose to do
about all these?***

VALUE SYSTEM

DO YOU BELIEVE IN

- **Professional achievement being more important than material wealth**
- **Commitment to your dharma**
 - **Disciplined and rigorous approach**
- **Ethical working style**
 - **Like Satyendra Dube**
- **The traditional Indian debts**

To make a difference

- **Make learning a regular habit**
- **Treat ethics as important**
- **Respect deadlines**
- **Believe and build teamwork**
- **Be trustworthy**
- **Innovate constantly**
- **Learn entrepreneurial skills**
- **Believe in yourself**

To make a difference ...

- **Develop grand Vision**
 - Dream big
- **Liberate yourself**
 - Think out of the box
- **Detach yourself from dogma**
 - Do believe in your values, but always look out for what is good in others
 - Be prepared to adjust
- **Have passion in whatever you execute**

The beautiful 'dew' drops

- Dream BIG
 - Our dreams limit our achievements
- Enjoy Life
 - Have fun in every activity
- Work Hard
 - To create history

Any two out of these three
is not an option

AN UNSOLICITED ADVICE

**Get out of the 'Diffidence' mindset
The world is yours to make a mark on.**

***In our move towards becoming a
developed nation, to provide an
honorable and comfortable life to
Indians, and to live as equals,***

***Be the change agent, use IT, and help
build such a nation for all of us***
