## **JUSTIFICATION**

**The fee structure has been rationalized keeping many factors into consideration viz. demand pattern of the course during last couple of years , fee structure in other organizations, increase in the salary of staff, teachers, regularization of the staff and appointment of new teachers and staff etc.**

**Committee members also consulted all the HODs before recommending the fee structure for 2014-15 Session.**

### **Salient Features:**

- 1. Fee structure for all the M Sc/MA courses have been rationalized. Increase/Decrease in fee in all M Sc/MA courses has been done on a equitable basis.**
- 2. Fee of M Pharma and M.Sc. Genetic Engineering, M Sc Electronics has been reduced considerably, to make it comparable with existing courses available in other universities and remain affordable to economically weaker students.**
