No. F.9-8/2008 (CPP-I)

28<sup>th</sup> April, 2009

**The Vice Chancellors  
of all Private Universities**

**Subject: Territorial jurisdiction of the State Universities/State Private Universities- regarding**

Dear Sir/Madam,

There is a growing trend of establishment of Private Universities by the State-Governments. As on now, 37 Private Universities established by the State-Governments are in existence as per information available with UGC. It is understood that there are some more private universities about which State Governments have not sent any information to UGC. In addition, there are a large number of traditionally established State Universities.

It is brought to your kind notice that the UGC has received information through RTI applications or through various students visiting UGC Office that the State Universities/State Private Universities established by the State Governments have opened off campuses, study centres and have also created franchise in the name of distance education programmes outside the State. This action on the part of the State Universities or Private Universities established by the State Governments beyond the territorial jurisdiction of the respective State Governments is not permissible in the light of observations made by the Hon'ble Supreme Court of India in the famous Prof. Yash Pal case. The Hon'ble Supreme Court has held the view that Parliament alone is competent to enact laws for any part or for the whole country and the State Legislature can enact law only in respect of its territorial jurisdiction confined to the concerned State. A copy of the relevant extract of the Judgement of the Hon'ble Supreme Court is enclosed herewith.

However, notwithstanding the above provision in law and the judgement of the Hon'ble Supreme Court, the State Governments have enacted laws establishing State Universities and Private Universities which allow them operating beyond the territorial jurisdiction of the concerned State in the form of off-campus/study centres, affiliated colleges and the centres operating through franchises etc. This has resulted into an anomalous situation and is also causing hardship to the student community at large.

Keeping in view the above, you are requested to take an immediate action on the following:

- i) To ensure that no off campus centre(s) is opened by your University outside the territorial jurisdiction of the State in view of the judgement of Hon'ble Supreme Court of India in case of Prof. Yashpal vs. Government of Chhattisgarh.
- ii) In case your university has already started any off-campus centre outside the State, it must be immediately closed. It may also be ensured that any off-campus centre within the State shall be opened only as per the provisions laid down in the UGC (Establishment of and Maintenance of Standards in Private Universities) Regulations, 2003 and with the prior approval of UGC.

Yours faithfully,

**(R.K. Chauhan)**  
**Secretary**

Encl.: As above.
